FA LL (ATALOGUE

LA CROSSE WISCONSIN

ESTEEMED FRIEND:—
It is with pleasure that we hand you our list of Fall and Winter blooming bulbs and plants, of small fruits and trees, of rare vegetables and farm seeds for Fall planting and Fall sowing.
The sorts enumerated in this Fall catalogue are the cream of all sorts and we know that they will give you great satisfaction if you will

plant same.

SPECIAL PRICES.

We are the largest growers of bulbs, vegetables, nursery stock, and farm seeds, such as Winter Wheat, Clovers, Grasses, Potatoes, etc., etc., in America and we are always ready to give you the very lowest prices.

If you will make out a list giving us your exact wants, we will seend you our lowest wholesale price by return mail.
Our great plant and seed catalogue for 1907 will be mailed to all who send us an order out of this catalogue. Our Spring catalogue will be ready January first for distribution and is printed in both German and English.
Unser Deutscher Katalog wird jedem der uns eine Bestellung aus diesem Katalog einsendet unentgeldlich zugesandt werden, Derselbe wird am ersten Januar zum Versandt bereit sein.

PREMIUMS.

On pages 33 and 34 of our catalogue you will find a fine list of premiums, which we will give you free with your orders this fall amounting to \$2.00 or over. Send all remittances per money order or bank draft on Chicago or New York to the John A Salzer Seed Co., La Crosse, Wis.

BULB COLLECTIONS.

We present here three magnificent bulb collections, the one of 25 bulbs, which we sell for 50c; the Parlor Collection for 60c, and the Elite Collection for 75c. They are composed of magnificent bulbs, such as will give you a tremendous amount of pleasure in growing.

BS FORWINTER FLOWERING

25 WINTER BLOOMING BULBS. Postpaid, Only 50c.

We arrange this wonderful winter flowering Bulb Collection of such sorts and kinds as we have largely on hand, and usually this great collection contains: Anemone, Brodiæa Laxa, Camassia, Esculenta, Chionodoxa, Hyacinth, Crocus, Calochortus, Freesia, Ixias, Iris, Muscaria, Ornithogalum, Oxalis, Scilla, Snowdrops, Tulip, etc. We know that they will please you, and we also know that you have never purchased as many bulbs and as choice bulbs for 50c before. We are sure you will be delighted with the results, and we earnestly urge a trial order. See outside rear cover.

The 25 bulbs for only 50c, postpaid or 3 collections of 75 bulbs for \$1.40, postpaid.

THE PARLOR COLLECTION, 60c, postpaid

Winter Blooming Bulbs.

Price of the following: Each, 4c; 3 for 10c; 10 for 30c.

Allium.—A beautiful white, winter blooming bulb. Anemone.—Hardy; do splendidly, either out or

Anemone.—Hardy; do splendidly, either out or indoors.
Brodiæa.—A pale blue, violet colored winter bloomer.
Bloomeria.—Lemonyellow; free winter flowering.
Babiana.—A magnificent star-shaped winter bloomer.
Calochortus.—The great Butterfly Tulip; grand.
Chinodoxa.—Splendid for indoor or outdoor; blue

blue. Camassia.—Does well in or out of doors Colchicum.—The fall blooming Crocus Erythronium.—Beautiful winter house bloomer. Freesia.—The sweetest house-blooming bulb known.

Ixias.-Indescribably brilliant and grand Oxalis.—A great winter-blooming bulb.
Jonquils.—Splendid for in or outdoor planting.
Scilla.—Blooming continuously; blue, bell-shaped.

Ranunculus.—A bulb of brilliant hues. Sparaxis.—Great beauties; for house or garden. Daffodils.—Closely related to Narcissus, very fragrant.

Snow Drops.

They are the first flowers that greet us in Spring. Their pretty snow-white blossoms appear in March, a few days ahead of the Scilla, and form a charming contrast. They are magnificent for winter blooming. Blossom indoors usually about Christmas. Each, 3c; 4 for 10c; 10 for 20c; 25 for 45c; 100 for \$1 50, postpaid.

Salzer's Show Crocus. Famous for large blossoms. Known to thousands as the Giants among Crocuses. — We have them only in mixture. Per 6, 15c; per 12, 25c; per 25, 40; per 100, \$1.50; per 250, \$3.50, postpaid.

BULBS FOR GARDEN AND HOUSE BLOOM.

For Garden.—Frepare soil carefully, by spading deeply, and have it thoroughly enriched. Plant the bulbs in October or November, and cover with a coarse litter of leaves or manure, which should be removed in early spring. After the bulbs are through flowering in the spring, they can either be left in the bed the whole year, or removed and kept in a dry place and replanted in the fall.

For House.—Plant the bulb in a pot, from September to December, in a rich garden loam, slightly mixed with leaf mold if obtainable. After planting, place the bulb in a cool, dark cellar or room, watering thoroughly every third day. It ought to be kept here until the jar is well filled with roots which usually takes from four to six weeks. When brought from the cellar or room it should then be placed in a light, sunny window and frequently watered. When in bloom it will keep much longer in a cool atmosphere than in too hot a room. The sooner the bulb is planted, the sooner it will reward you with blossoms. When through blooming, remove from jar and store in a dry place. It can then be planted next fall in the ground for spring bloom the following season.

HYACINTHS.

The peer of all bulb flowers for house bloom is the Hyacinth. Nothing is quite so serviceable, so beautiful, so showy as the Hyacinth. We present herewith a list of Salzer's Show Hyacinths. They are perfect in bloom, growth and color. If you want something really superfine, a little bit brighter than your neighbors, plant Salzer's Show Hyacinths. They do equally well for pot or water culture. This selection of named sorts is the cream of over 500 varieties, and they are especially grown for us by one of the best expert growers in Holland. On our repeated visits to Holland, we have inspected many bulb farms, but none producing finer, larger, more solid bulbs than those grown for us under special contract.

CHEAP HYACINTHS.

We'have a Consignment of Cheap Hyacinths, such as are sold in department stores and by some seedsmen. We do not recommend them, yet they are finer than nine-tenths sold in department stores. Price, each 5c; 6 for 28c; 12 for 50c postpaid.

made this variety exceedingly popular. We sell annually nearly half a million bulbs of this variety. Each bulb will throw up 2 to 4 spikes of bloom, and they are so easily grown and so early that if potted in August and September they can be brought into flower in November and December, and by a succession of plantings can be had in bloom throughout the winter. Not hardy. Price, first size bulbs, 8c each; 5 for 35c; per 10,65c postpaid.

Separate Colored Sorts Mixed.

Above brilliant sorts mixed. Per 12, 50c; per 25, 90c; per 100, \$3.50. By express: 12, 40c; 25, 75c; 100, \$3.00.

Salzer's Show Tulips.

Salzer's Show Tulips.

This mixture contains upward of 100 different brilliantly beautiful sorts and colors, and for freedom of bloom and variety of colors stands unrivaled. They are carefully grown and selected for us in Holland, and are unequaled in America.

NARCISSUS.

Many rare varieties. Each, 4c; 4 for 15c; 12 for 35c; 25 for 65c, postpaid powerful in perfume; desirable for planting among shrubs and grass, and very graceful for cut flowers or for vases and bouquets. Also does well in winter. Each, 4c; 4 for 15; 12 for 35c; 25 for 65c, postpaid.

Write for Wholesale Prices on anything you need—giving itemized list.

THE FREE-BLOOMING FREESIA.

Freesia.

We know of no pure white blooming bulb that is more justly sought by florists and gives greater satisfaction as a winter bloomer than the Freesia. They force readily in the house and will bloom by Christmas and give a great quantity of blossoms. The price is so low that we hope everyone will avail themselves of a dozen of these rare beauties. Each, 3c; 4 for 10c; 12 for 20c; 50 for 75c, postpaid

JONQUILS (Narcissus).—Much prized on account of their hardiness and freedom of bloom Each, 4c; 4 for 15c; 12 for 35c; 25 for 65c, postpaid. NARCISSUS MIXTURE.—Salzer's splendid mixture of many sorts. colors and varieties for house and garden bloom. Each, 4c; 4 for 15c; 12 for 30c; 25 for 60c; 50 for \$1.15; 100 for \$2.25, postpaid.

Lilium Harrisii.

This peerless Lily is the greatest acquisition to floriculture made in many years. The remarkably short time required to bring them into flower, and the certainty to produce a profusion of bloom, and also the ease with which they can be made to flower at any desired period, such as Christmas, Easter and other special occasions, render them invaluable.

The flowers are delightfully fragrant, pure waxy-white. of great substance, and if cut as soon as they are open, or partially open, they can be kept for two weeks.

A short time only is required to bring them into bloom. Bulbs potted in August can be had in flower in November, if desired.

Price, large bulbs, each, 15c; 5 for 60c.
Monster bulbs, each, 25c; 5 for \$1.00.
Hardy Lilies usually arrive from Japan about October 15th. Forcing Lilies, as early as September 25th.

Chinese Sacred Lily.

This is the sacred flower of China. Nearly every home has a bulb growing in a saucer of water and pebles. It blossoms with absolute certainty in the early winter, and remains open a long while. The blossoms are deliciously fragrant and of unusual beauty. Each, 20c; 3 for 40c; 6, 75c.

Monster Bulbs, each, 35c; 3 for \$1.00.

3 for \$1.00.

Forcing Lilies.

Forcing Lilies.

The four best Lilies to force are Lilium Harrisii, Lilium Candidum, Lilium Longiflorum and the Chinese Sacred Lily.

Lilium Candidum—Also known as the Annunciation Lily: a beautiful, pure white, fragrant Lily.

Price, each, 15c; 5 for 60c.

Lillium Longiflorum—A magnificent pure white early Lily from Japan.

Price, each, large bulbs, 15c; 5 for 60c. Monster bulbs, each, 25c; 5 for \$1.00.

LILIUM HARRISII.

LILY OF THE VALLEY

The Lily-of-the-Valley is the sweetest, most delicate flower. Spreads rapidly, being perfectly hardy, and each succeeding year rewards the grower with a greater abundance of deliciously fragrant snow-white blossoms. Each, 5c: 10 for 40c; imported, each, 10c; 10 for 50c; 100 for \$400.

Hardy Lilies.

LILIUM AURATUM.

This is one of the grandest Lilies on earth, known the world over as the Golden-Rayed Lily of Japan It is perfectly hardy and it is not unusual to see a three-year-old plant bear 50 great, gorgeous blossoms. Price, each, 25c; 5 for \$1.00. Monster bulbs, each, 40c; 5 for \$2.00.

LILIUM TENUFOLIUM.

Small fiery-scarlet flowers. Very beautiful. Price, each, 20c; 5 for 90c.

TIGRENIUM FLORA PLENA.

This is the double Tiger Lily, Orange red, spotted, fine, Price, each, 15c; 5 for 60c.
One each of above three Lilies for 50c.

PÆONIES.

The Pæony is with right the noblest and at the same time the most popular and beautiful and serviceable hardy outdoor flower. We have frequently seen the La Crosse and Goethe and other varieties bearing flowers from 14 to 20 inches in circumference. Plant same up to November 1.

1. La Crosse—A glorious, fragrant, very double pink Pæony of giant, colossal, magnificent size. Each, 30c; 3 for 85c.

2. Goethe—Magnificent dark red variety; blossoms intense in coloring and large in size. Each, 30c; 3 for 80c.

3. Snowdrift—Pure white, very large and finely formed blossom. Each, 25c; 3 for 70c.

4. Givalet—A rich deep pink of great beauty. Each, 25c; 3 for 70c.

3 for 70c.
One each of the above four for 75c, postpaid.

Our selection of 3 sorts, 35c; including Old Man, 70c.

MIKADO FERN BALL.

These balls consist of Fern roots about the size of a pencil, woven out-side and around a ball of moss.
These roots
produce
beautiful
sprays of
Ferns from

their length. Thus the whole surface of the ball soon becomes covered with Fern sprays. They may be suspended in any part of the room or grown on a stand or table. Price: Dormant Balls, each, 75c; 3 for \$2.00; 1 doz., \$7.00, all prepaid.

THE BOSTON FERN. Each, 20c.

In it we have the most satisfactory of all Ferns. It does exceedingly well eveywhere. It's charming, graceful, magnificent, he all thy fronds are inimitable. No picture, no illustration, no description can do justice to this most magnificent of all graceful, hardy, easily kept Ferns. Mrs. Salzer would not part with her Boston Fern Jardy between the feet long, and the very essence of beauty and grace—"spending constant gladness."

Price: 20c each; large Fern plants, each, 40e; still larger, noble specimens from 75c to \$2.50 each. In it we have the

\$2.50 each.

The finest of all plants for floral decorations. The foliage is so fine, so fairy like, so graceful, so much like a soft vapory fern, that as a climbing decorative vine it cannot be compared with anything we know of. Each, 20c; large plants (noble specimens), 50c each.

Asparagus Sprengeri.

Grandest, bright glistening green, drooping pot plant grown. Its grace and beauty are inde-scribable. Each, 20c; large, noble specimens, 50c each. Pkg, seed of Sprengeri, 15c.

One each of the above two, mailing size, postpaid, 25c.
Above 2, large plants ready to bloom, 50c.

21 PLANTS \$1 POSTPAI

to fill our orders for this season. Well, no matter; we have them. To meet the demand of our large plant trade we are obliged to grow enormous stocks of all kinds of roses, plants and bulbs—often more than necessary—to make sure that we have enough. After the heavy fall business is about over, in September, we take this stock of various, rare and good things and make it into a Happy Home Collection and offer them to our customers at 21 plants for \$1.00, giving them 3 to 4 times the value of their money. They will be sent free by mail. All collection orders are booked and will be shipped as early in the season as our stock permits.

This collection is immensely popular among our customers, and we append hereto a letter from Mrs. Jane Russell Ayres, of Ohio, who obtained a collection from us: for twenty years. It safe to say that I have spent over \$200 during this time, but never before have I really felt that I got more than my money's worth until Ibought of you. All the plants I obtained from you were A No. I. Yes I got none extra) contain Caladiums, Cannas, Achanias and Begonias, Palms, Roses, Azaleas and Geraniums, Carnations and Chrysanthemums, Gloxinias and Salvias, Oranges and Calles; yes, all of them choice well grown, rare plants. It is the greatest surprise I ever had You are postively too generous. My neighbors, Mrs. Wilson, also Mrs. Medary and Murray, each when they saw my plants, ordered a collection.

What is the Happy Home Surprise Collection? It is composed of everything we have a surplus of, our collection consisting of rich, rare, beautiful plants and bulbs. We send such first plants that you are sure to be pleased with them. The price is.

11 plants postpaid, for 60c. 21 plants, postpaid, for \$1.00.

HOW TO TREAT ROSES, SHRUBS, APPLES, SMALL FRUITS, ETC., received in Fall, sent with each Fall Order. This tells you how to care for Bulbs, Nursery Stock, etc., etc.-Where Shrubs, Roses, etc., are wanted in dozen or larger lots, write for special prices.

SMALL FRUITS—Ironclad.

A small bed of Strawberries, a patch of Raspberries, a row of Currants, a few hills of Blackberries, a half dozen Grapes, will keep a family in fruit almost all summer. These are as easily cared for as the cabbage, as sure of yield as the potato, and as hardy as the oak. Strawberry plants, early planted, will frequently give a good crop of berries same season.

49 Our prices may seem high, but they are cheap for hardy, ironclad stock—stock that laughs at 40 degrees below zero, appeared last spring early, fresh and green, and has borne enormous crops the past season.

Salzer's Hardy Ironclad Fruit Trees. The 15 for \$1.65, Postpaid.

There is a tremendous demand for Apples, Crabapples, Cherries and Plums Of these four varieties there are annually planted millions of trees throughout the U.S. The one-year stock which we send by mail measures from 2 to 3½ ft. It is just the stock to plant by you, either for your garden or orchard, on account of its hardy, vigorous growth and of its doing so well and growing so rapidly, and usually bearing the second or third year after planting. Our northern grown stock is elegant, well rooted, will grow rapidly and make fine established trees very quickly.

Apples and Crabs.

1. Hyslop—Fruit large, produced in clusters, deep crimson, covered with blue bloom. Very popular on account of its large size, beauty and hardiness. Each, 20c; 3 for 50c, post

large size, beauty and nardiness. Lack, 2012.

2. Transcendent Crab—Immensely productive. Fruit from 1½ to 2 inches in diameter; excellent for sauce and pies, both green and dried; skin yellow, striped with red. Each, 20c; 3 for 50c, postpaid.

3. Duchess of Oldenburg—Fruit large, yellow, streaked red, rich, sub-acid flavor, juicy and good. The best known Russian sort, valuable in all sections for both market and home use. Each 20c; 3 for 50c, postpaid.

The Rismarck Apple.

4. The Bismarck Apple.

Since 1896 when we obtained this apple on a visit to Europe, it has completely captured all hearts. The most remarkable fact about this Apple is that you do not have to wait until you are gray before it bears. Plants set out this year will give you fruit the next, while the second year following you will have loss of it

It the the second year following you will have lots of it.

The Apples are very large in size, of excellent quality, and will keep well until January. Its great point of merit is that it will bear at once

On a 4-Year-Old Bismarck Tree

on Mr. Salzer's private grounds at La Crosse were gathered 1½ bushels of the finest apples imaginable the past season We consider it the greatest novelty ever offered in America Price of Salzer's Bismarck Apple.

Plums.

8. Milton-Large, roundish oblong, dark red; skin thin, flesh firm, good quality, the earliest plum in the world. Ripens in La Crosse three weeks earlier than Wild Goose. A great boon to fruit growers A strong grower and very productive. Each, 30c; 3 for 75c.

9. De Soto-Very bardy and productive; bears young; fruit medium size, yellow marbled with red, good quality. The best to plant near other varieties requiring fertilization. Each, 30c; 3 for 75c.

Cherries.

10. Early Richmond—Medium size, dark red, melting, juicy sprightly acid flavor. The most valuable and popular of the acid cherries, is unsurpassed and exceedingly productive Each 30c; 3 for 75c.

11. English Morello Cherry—Medium to large; blackish red, rich acid, juicy and good; very productive Each, 30c; 3 for 75c.

12. Apricot, Mammoth Russian.

Apricot, Mammoth Russian.

Is extremely hardy, having flourished as far north as Siberia, during a temperature of forty degrees below zero. Each, 80c; 3 for 75c.

13. Peach, Hardy La Crosse.

This is a seedling of the celebrated Elberta. The fruit is large and yellow, with blush cheeks, flesh firm, juicy, of the highest quality; exceedingly prolific and extremely hardy. Each, 25c; 3 for 60c,

14. Champion Peach.

The flavor is delicious, sweet, rich and juicy, surpassing all other early varieties; skin creamy white with red cheeks; strikingly handsome. Each, 25c; 3 for 65c.

15. Wisconsin Pear.

This is a seedling of the celebrated Lawson Pear, and has demonstrated its adaptability to Wisconsin soils. The fruit is very large, of fine shape, of beautiful brownish-carmine color and most excellent quality, very fine grained and tender. Each, 40c; 3 for \$1.00.

PRICE OF ABOVE HARDY IRONCLAD FRUIT TREES POSTPAID BY MAIL \$1.65.

RED BEAUTY.

BARGAIN VEGETABLE SEEDS.

There are millions of people in America who are not so particular as to the name of a seed as they are about the quality and the yield of that variety which they may wish to plant.

For these, we have adopted the following method in offering them bargain seeds at a very, very low price. These seeds will be excellent sorts, such sorts of which we have grown largely and which we are sure will please and sure to give very great satisfaction.

Here you have just what you want. If you wish an early green Bean, variety, we furnish it to you at but 5c a package, 20c a pt. If you wish a late green variety or an early wax variety or a green pole variety, you have it at the same price.

We are positive that this arrangement will be extremely popular and we expect to use, the coming season, TEN MILLION PACKAGES.

CABBAGE.

Over 100,000 customers will gladly testify that for early cabbage, fine heads of delicious flavor, no seed equals Salzer's. Now, if you really want the finest cabbage grown, try SALZER'S SEED. Splendidly adapted for market gardeners, as it produces 99 per cent. heads.

CALZER'S LIGHTNING IS GREAT GO DAY CABBAGE RIPE IN ONLY 60 DAYS Cabbage, First Early.

Salzer's Lightning Cabbage.

Salzer's Lightning Cabbage.

If you are gardening for profit, or if you have but a small garden where you grow vegetables for kitchen use, we know that you will want the very earliest, very finest cabbage in the world. Now, Salzer's Lightning Cabbage is the one. There is no other cabbage grown that is as early and good, as fine in quality as Salzer's Lightning. It is positively the earliest cabbage in the world, and market gardeners can make a handsome sum of money by growing same largely. There is no cabbage that we know of that will mature heads as quickly and of as fine quality as Salzer's Lightning, and we urge you, whether you require a 10-cent package or ten pounds of Early Cabbage, to try the Lightning. It will surely please.

It is the quickest ripening, earliest, finest extra early market cabbage in the world. Ripens in 60 to 65 days after sowing. Pronounced by everybody trying it as the most magnificent early cabbage in the world. The sale of this variety has increased 500 per cent, in the last two years. It is positively the earliest cabbage in the world. It will form a head while other varieties are still in the leaves. Pkg., 15c; 2 pkgs., 20c; ½ oz., 35c; oz., 60c; ½ lb., \$2.00; 1 lb., \$6.50.

ONIONS.

There are a great many onions sown in the fall of the year, especially in southern and middle states. These, slightly protected with coarse straw, manure or leaves, usually come out in very fine shape in Spring, furnishing green onions several weeks ahead of seed planted in Spring.

La Crosse First Early.

A seedling of Philadelphia First and Best; it's the earliest shipping Pea we know of — wondrously prolific, wondrously early—splendid for shipping and at our low price we expect to sell 5,000 bushels to Texas, Florida, New Orleans, North and South Carolina and other southern markets using the early pea. Grows to height of 22 inches.

Peck 80c, ½ Bu. \$1.50, Bu. \$2.90, 2½ Bu. \$7.00, 10 Bus. or more at \$2.60 a bushel.

Early Alaska Pea.

Our strain is the earliest on earth of Alaska peas, splendid for shipping and market. We sell car loads to Texas, Florida, Louisiana and Southern states.

Peck 80c, ½ Bu. \$1.50, Bu. \$2.95, 2½ Bu. \$7.10, 10 Bus. or more \$2.65 a bushel.

Salzer's Scorcher and Salzer's Earliest and Best.

are the two greatest peas of the century for shipping and market. Please note low price for this fail. For 5 bushels or more we sell at \$3.00 a bushel.

EARLY BIRD-EARLIEST OF ALL SCARLET RADISHES.

Salzer's Superior Northern-Grown Farm Seeds.

We are American Headquarters for Farm Seeds, growing more Barley, Buckwheat Corn. Oats, Wheat, Flax, Potatoes, Grass and Clover Seeds, etc., than all Western seedsmen combined. This we do in the extreme North, owning and controlling large farms in Wisconsin, the Dakotas and other Northern points.

We have by actual test, learned that our Seed Wheat, Barley, Corn, Grasses and Clovers, Oats and Potatoes, etc., taken from our farms and removed to Iowa, Ohio, New York, Nebraska, Kansas, Illinois and other states, increased the yield fully 50 per cent—yes, ofttimes more than double the yields!

With the liberal support and hearty co-operation of the farmer, we shall in the future as in the past, urge onward in the fields of new seed tests and experiments, believing that if we can get a new sort to produce two bushels where one formerly grew, we are doing the farmer a great good. Our success in this line has been signal, and the farmer stands by us, for our seeds are recognized for their superior quality the world over. We have introduced new Oats, Barley, Corn, Potatoes, Buckwheat, Rutabagas, etc., that have increased the average yield largely; yes, often doubled it!

HOW DO WE SHIP FARM SEEDS?

BY FREIGHT.

All Farm Seeds, Potatoes and Tools, from this page on, are sent by cheap freight, customers paying charges. In all cases we get the lowest obtainable freight rates for our customers, but we will use our judgment in forwarding seeds, etc., at lowest cost to our patrons.

CHEAP FREIGHT.

The freight charges at the time of writing would be, on 100 lbs., to points in

BY EXPRESS.

It often happens that we can send by express at a slight advance of 10c to 20c on a 25-lb. package instead of by freight In doing this the customer gets goods quicker In all cases we use our judgment in forwarding

FARM SEEDS.

The seeds on this page are usually sown in the Spring of the year—Some farmers order them in Fall to have same on hand early in Spring. We give special prices on large lots. (Sacks, 18c each extra.)

WINTER GRAINS.

WINTER BARLEY.

This variety we have not tested in Wisconsin. We purchased our stock in Missouri, with the assurance that it is largely grown there, and that it will do well in all states where winter oats flourish. We recommend that everybody give same a trial. Price, pkg., 10c; pk., 60c; bu., \$1.50; 2½ bu., \$3.00.

WINTER OATS.

There is considerable call for a winter oat. This call comes from all winter wheat growing states. Well, we have it. We bought a carload from a grower in Missouri. Like all seed we are obliged to buy, it is not nearly as handsome as our own growth would be, but he assures us it's a big heavy, extra fine yielder. It is of yellowish color, with some black oats. We would, from appearance, say it can yield 60 bushels per acre. We are satisfied if you wish winter oats, this is the lot to buy. We shall sow 40 acres of it this fall. Our winter oat crop was not as successful in Wisconsin as in states farther south, as winter oats are not yet thoroughly acclimated to the rigor of Wisconsin and Minnesota climate, but we would recommend that all farmers give same a trial. Last winter turf oats were grown with good success in Tennessee, Kentucky, Southern Indiana, Ohio, Missouri and other states, and we believe that this variety will give greater results and perfect satisfaction. The price is very low for a winter oat. Sow 2 bushels per acre. Price, postpaid, pkg., 10c; lb., 25c; by freight, pk., 40c; bu. \$1.25; 10 bu., \$11.50.

SALZER'S TWENTIETH CENTURY WINTER RYE.

We urge upon every farmer the great desirability of obtaining this rye. If sown in fall, it will make magnificent pasturage in very early spring, if not desired for grain. If desired for grain, it will yield all the way from 60 to 80 bushels per acre. It is wondrously prolific, a great stooler, hardy, a vigorous grower, while as a hay it is of the very highest quality.

We know Salzer's Twentieth Century Rye will delight, please and be profitable to you. By all means try same.

It is well known that England, Scotland and Russia grow magnificent winter ryes; many varieties, but the best of all European varieties is this 20th Century Rye. This is sold in Europe at \$1.75 per bushel. We obtained a fine supply when in Europe, and last fall planted same, and are now able to offer it at a very reasonable price. For length of straw, earliness, vigor of growth and productiveness, it is unequaled by any variety in cultivation. This is the description European seedsmen give of the 20th Century Rye. We have found it in every respect A 1, and as a new variety we heartily recommend everybody to give it a thorough trial. We know it will not dissappoint you but surely please. It should be sown at the rate of two bushels per acre, in early fall, and whether you wish same for cutting green, or ripening, we unhesitatingly recommend it as the best that can be grown. The kernels are large, of fine color, very desirable for flour, very nutritious, and make excellent bread.

Price per pkg., 10c; lb., 30c; 4 lbs., \$1.00; postpaid. By freight, peck, 60c; bu., \$1.25; 2 bushels sufficient for 1 acre, \$2.25; 10 bu., \$11.00.

SALZER'S WINTER RYE.

Rye as a main crop pays—pays big. There is no cereal that is a better money-maker, a surer money-maker, a bigger money-maker, and an easier money-maker than Salzer's Winter Rye. You are surer of a crop of rye, providing you sow our Salzer Winter variety, than you are of wheat, oats, corn or potatoes, and in addition to this, the yield is enormous, and the price is always good. No matter how you take care of it, rye always returns a paying yield. It is a great stooler, of strong straw long ears, early habits and easy to harvest. It is a crop that year in and year out, in good season or in bad season, will pay you better than most anything else. The price is seldom below 50c to 60c a bushel, while the yield rarely falls below 40 bushels to 50 bushels per acre.

Winter Rye as a Fodder or Fertilizer.

In our county there is a trio of Hollanders, growing 60 acres of potatoes annually. They are on sandy land. Their crop was always fine. It never failed them; rain or shine, they had potatoes to sell. We looked them up, and found rye—winter rye—to be the secret. The 60 acres were fall plowed and sown to rye. Rye grows so quickly that long before time to plant potatoes it was from one to two feet tall. This was plowed under and therein the potatoes were planted, and such yields! In addi-

tion to being a great fertilizer, they would let their sheep and cattle graze, and cattle like nothing better than rve, winter rve.

WINTER WHEAT.

We are probably the largest growers of Winter Wheat for seed in the world. Our soil and climate produce magnificent crops of best quality. It certainly would pay every farmer in increased yields to pay \$2.00 a bushel for our winter wheat seed, rather than sow Southern or New York, Ohio, Indiana or Eastern Seed as a gift, as you will get so much more from our wheat sorts. Try it this fall, and you will be astonished at the enormous difference. We charge 18c each for sacks. Always remit for sacks!

No wheat that we have offered in the past ten years, with the exception of the Canadian Hybrid and Salzer's Red Cross Winter Wheat, has so completely captivated the farmers as Salzer's Prizetaker. The reason is apparent. Though of a white color, it is so enormously productive, so healthy and strong, so fine a stooler, and so hard and difficult to winter kill, that it will not only please, but bring big profit to each and every farmer growing same.

and every farmer growing same.

Now, we know that this Wheat will please. It is accustomed to big yields. It does not give a "baby yield"—but a big rousing giant crop—such as 40, 50, 60 and 70 bushels per acre. The kernels are beautiful, are large and full; it's a wheat to buy. Now, do try it for the coming season. You will surely be delighted

with it.

Salzer's Prizetaker Winter Wheat.

Its kernels in ordinary wheat years are large, full, extra heavy, often weighing as much as 66 lbs. per measured bushel; it is an early wheat, strong straw, bald hybrid variety. It was obtained by crossing and selecting until this new sort stands at the head of all white bald winter wheats. Our farm manager reports a test of 131 bushels on two acres, or a trifle over 65 bushels per acre. Now this yield very surely can be had by any one. We know of no wheat that is handsomer and that will give greater satisfaction than this. It is a fine wheat for flour, and makes most excellent nutritious flour, and will surely please.

Price of Salzer's Prizetaker or Money-Maker Winter Wheat.

The price of this wheat we have placed very low; it ought to be \$25.00 per bushel, it is worth it; yes, it is worth more than this, for it demonstrates to you how to make money by sowing this wheat even if you receive only 40c a bushel for your crop, you'll still make money, as Prizetaker is so heavy a cropper; and we hope that every farmer will give it a trial. We shall be glad to mail you a large sample package of same for 10c. We hope that farmers will club together, and purchase 20 bushels or more of this wheat so as to have this variety to offer next year to their neighbors at a fancy price for seed. Pkg. 10c; 1 lb. by-mail, 25c; 4 lbs. \$1.00; by freight or express, ½ bu. \$1.00; 1 bu. \$1.75; 2½ bu. \$4.00; 10 bu. \$15.00; 20 bu. \$27.50; 100 bu. \$125.00. (2½ bushel sacks, 18c each.)

THE HARDY NORTHERN.

We wish that we had 25,000 bushels of this magnificent bearded winter wheat, a wheat that is pronounced one of the very best winter wheats in the country today. It is a variety full of new blood, new vigor and tremendous producing qualities and we are satisfied that every farmer giving it a trial will be more than delighted and pleased with same. Our stock of same is not over large and we urge farmers who wish a good thing to order early. We do not see how our four great Winter-Wheat varieties, namely: 1, Hardy Northern; 2, Salzer's Prizetaker; 3, Salzer's Canadian Hybrid, and 4, Salzer's Renowned Red-Cross Winter Wheat, can be improved in any way, shape or manner, although we are annually selecting and reselecting and perfecting with great care in order to produce the very best in the Winter-Wheat line. Our seed we believe to be the best and choicest and highest grade offered in the country. We know that when you once plant our seed, you will want no other. Now in this Hardy Northern you will find a remarkable stooler with very large, long, broad, deep, heavy heads, filled with solid kernels of grain, of a rich bronze shade, extremely productive, of excellent quality, and the delight of the farmer, and we urge you to give this bearded variety a trial.

variety a trial.

Price, pkg., 10c; 1 lb., by mail, 25c; 4 lbs., \$1.00; by freight, ½ bu., 90c; 1 bu., \$1.40; 2½ bu., \$3.50; 10 bu., \$13.60. (Sacks, 18c cach.)

FULTZ WINTER WHEAT.

This variety is so well known, we need not describe

ne. It is a heavy yielder. Peck, 50c; 1 bu., \$1.35; 2½ bu., \$3.25; 10 bu., \$12.50. (2½ bushel sacks, 18c each.)

Winter Fife Wheat.

This sort is introduced from Canada. Is perfectly hardy, strong straw, tall growth, kernel dark red color weighing 64 to 66 pounds per bushel; ripens very early. Price, by mail, postpaid, pkg. 10c; 1 lb., 50c; 3 lbs., \$1.00; by freight or express, pk., 75c; bu., \$1.75; 2½ bu., \$4.25; 10 bu., \$16.00. (Sacks, 18c each.)

Early Red Clawson.

This is a remarkable stooler, frequently 40 heads, containing over 2,500 grains, produced from one seed planted. It is a bald wheat. Price, by mail, postpaid, pkg., 10c; 1 lb., 30c; 4 lbs., \$1.00; by freight or express, pkg., 75c; 1 bu., \$1.50; 2½ bu., \$3.75; 10 bu., \$14.00. (Sacks, 18c each.)

Harvest King.

Offered in Indiana; an amber bald variety. It has proven itself a much poorer yielder than Salzer's Prizetaker, or Salzer's Red-Cross Wheat. Pkg., 10c; ½ bu., \$1.00; 1 bu., \$1.60; 2½ bu.. \$3.50; 10 bu., \$13.50. (Sacks, 18c each.)

Salzer's Red Cross of the North Winter Wheat

Biographers tell us that it takes a century to produce a great man, a statesman, an author, a reformer or inventor. This is equally true of a new cereal, unless by chance you discover a seedling upon which nature possibly has labored for years.

In June, 1893, we were urged by a farmer customer to come and inspect a new winter wheat which he had. As the had no sample left, we hesitated undertaking the journey. He urged usagain, stating that it was worth going that no sample left, we hesitated undertaking the journey. He urged usagain, stating that it was worth going extraordinary. We went, we inspected, we were captive thing alead of the average: it must be something extraordinary. We went, we inspected, we were captive thing alead of the average: at must be something extraordinary. We went, we inspected, we were captive that the composition of the corps here leaving the farm, paying over \$2,000.00. Now it's nothing unusual, this transaction, for us. It occurs frequently. We do easily a supplied to a new what trates our point—no matter what a new cereal, or potato, or sectors, we must have it for our customers if it our customers if it our customers if you pound. That illustrates our point—no matter what a new cereal, or potato, or seed costs, we must have it for our customers if you pound. That illustrates our point—no matter what a new cereal, or potato, or seed costs, we must have it for our customers if you pound. That illustrates our point—no matter what a new cereal, or potato, or seed costs, we must have it for our customers if you pound. That illustrates a to make money. Both these objects went hand in hand, and we have honestly striven in our long years of business to firmly adhere to these principles.

"Where and how did you obtain this wheat?" we asked, and here give Mr. J. J. Barron's statement: "Six years ago I revisited my home in Scotland, and brought back a few pounds of a newly introduced wheat that was then creating a great that yield doubling any American variety ever tried or heard of. In Sc

Mrs. Mary Kerr, of Ripley, O., writes: "The 2 bu. of Red Cross Wheat purchased from you have grown beyond all expectation. It is a sight worth seeing. I never saw anything to beat it. Expect to harvest it in 6 days from to-day. Every farmer who has seen it wants seed. It will surely crop 80 bus. per acre."

Cross

per acre." June 21.

there is absolutely no risk in sowing Red Cross Winter Wheat, and big money can be made out of it by wide-awake farmers. Why is it that some farmers will not keep up with the times? Why are they always content with the skimmed milk? Or, in other words, they will not buy a good thing when it is new, but will wait until it is half worn out and then take hold of it. This class of farmers will always complain of poor crops, low prices and hard times. Let us look at the matter right. Suppose the prices are low. Double the yield of your crops. What then? Why, hard times disappear as if by magic. Sow good seed, feed your ground properly, and then with a fair season (or a bad season, if you sow Red Cross) the crop is assured. On the other hand, sow a poor variety of seed, starve out your land, and the best season God ever sent will not fill your granary; such farming will make you a slave all your active life and prepare you for a miserable old age. Be wise and keep well ahead in the race.

With good management you can sell the crop at an advance on market price. With good management you can sell the crop at a fancy price, for seed, to your neighbor. By keeping right along in this way vou will soon be looked to in your neighborhood for the best seed, and no person can calculate in advance how many extra dollars this means during a farmer's life. Try one or two new kinds of seed each year, and as soon as you see an improvement, diseard the old and work up a crop of the new. There are enough good new varieties originated to keep something going at a good price all the time. This is one way to make farming pay, and Salzer's new varieties are always sure to pay you. Just think of the thousands of dollars farmers have and throughout the United States on Salzer's corn sorts, on his oats, wheat, barley, potatoes, etc., etc., etc. When Salzer offers a new variety of wheat, of grain, or potato, you can always bank on same, for it is "more than good," as a pleased farmer expresses it. Why, Red Cross Winter Wheat is so strong, so

Although introduced more than 10 years ago we have never succeeded in getting a surplus, so heavy is the demand of Red Cross Wheat for Seed. The

Price: Pkg., 10c; 1b., postpaid, 30c; 4 lbs., \$1.00; by freight, peck, 60c; bu., \$1.50; 2½ bu., \$3.60; 10 bu., \$13.50; 20 bu., \$26.00; 100 bu., \$129.00. Sacks, 18c each.

Now, Mr. Farmer.

Now, Mr. Farmer.

Above is Mr. Barron's version. Now, we will tell you ours: We planted every bushel in the fall of 1893, and again in the fall of 1894, and also 1895 and every year since. Now, we have a 100-acre patch that at this day (June 6th) competent judges place at 5,000, or 50 bushels per acre! We have another 10-acre piece of high wheat soil that we shall be disappointed in if the thresher gives us less than 600 bushels, or 60 bushels per acre! Then there is a 3-acre patch, sown in rows, starting magnificently, upon which the farm manager says 225 bushels will be threshed! That's 75 bushels per acre! We are skeptical, but the manager is enthusiastic, and he is no evil judge. Then there is a forty that is not going to do so well. We must tell the truth, the whole truth. That faces a slope running south, where all winter long but little snow lay and the sun played havoc. We were afraid of it, but the farm manager was sure Salzer's Red Cross of the North would win. Although killed out largely on account of the ruinous situation, and no snow all winter, it is now heavily stooled, and we expect 900 bushels from the forty, or, at the rate of 22½ bushels per acre, but our manager thinks it will go 30 bushels. He says Salzer's Red Cross of the North goes in to win, and it wins, rain, shine, good or bad weather. It's the greatest yielder on general acreage ever seen or grown here.

Red Cross

POINTS IN FAVOR OF RED CROSS WINTER WHEAT.

First—Eartiness. This is absolutely one of the earliest winter wheats grown. Our crop was ripe, cut and stacked before other sorts were ripe.

Fourth—Withstands Drought. No sort that we have ever tested so thoroughly and completely withstands dry weather, yes, long, continuous hot droughts, as Red Cross; indeed, it seems to be proof against every element of nature in the shape of weather, withstanding all, and

element of nature in the always yielding heavily.

Fifth—Strong Straw. Now, then, Red Cross Winter Wheat has wonderfully stiff straw, withstanding severe winds to a marked degree, and coming forth after storms standing straight, erect, a pleasurable sight to behold. When other sorts lodge badly this stands up like a strong wall.

Sixth—Yield, 60 bushels per acre—the yield is all the way from 30 to 60 bushels per acre, but we honestly believe that 60, 70, ves, up to 80 bushels or more can be grown per acre under careful cutivation; at least, we would risk this sort as quickly as any variety we know of to produce the greatest number of bushels of winter wheat of any sort grown.

Seventh—Color. The color is beautiful, and the wheat sells dily in the market. We will gladly mail samples before buying, if you desire.

Eighth—Quality. No winter wheat exceeds this in its excellent quality, and it has that advantage that it will make more and better flour than any known winter wheat at the present day, with possibly the winter Fife varieties excepted. All millers who have seen it pronounce it excellent in the extreme.

\$300.00 In Gold for 80 Bu. per Acre.

We offer this year \$300.00 in prizes for the largest yield of 80 bushels or over for 1907. Thus, the farmer raising the highest number of bushels of Salzer's Red Cross over 80 bushels per acre gets \$150.00; second highest, \$100.00; third highest, \$50.00, or a total of \$300.00. If the highest yield is 80 bushels, the farmer gets \$150.00, but it must reach or exceed 80 bushels.

Now, we have unlimited faith in this wheat as the grandest. heaviest yielding, healthiest, surest cropping variety of winter wheat grown. We believe there is nothing like it in America for yield. We believe there is nothing like it in America for quality, and we believe there is nothing like it that will give you more pleasure and more profit, and we also believe that, if of any variety of wheat, 80 to 100 bushels per acre can be grown, it is of this variety. Indeed, a great many of our farmer friends believe that they can grow 100 bushels of this sort and are going to try for it this Fall, and we wish you to make the test with them, and with this in view we offer \$300.00 in gold to the party growing 80 bushels of Red Cross Winter Wheat per acre. The only requirement we make is that you buy of us this fall one or more bushels Red Cross Winter Wheat, produce the yield, and have the same signed and sworn to by two witnesses, and the money will be sent you December, 1907. If several report the same yield, we will divide the amount equally among them.

Now, then, here is your chance, for the farmer producing 80 to 100 bushels winter wheat per acre will be recognized as a public benefactor. What a stupendous revolution that will make in wheat growing! Now, some one can produce this yield. Why not you? It certainly is possible, and if it is possible with any sort it is possible with the Red Cross Winter Wheat, and we hope thousands of farmers throughout America will make the test this year. We shall publish the name of the prize winner, and will give him a tremendous sendoff, with a biographical sketch, throughout farm newspapers, because the farmer producing

The First 80 or 100 Bushels Winter Wheat

per Acre

is worthy of a biography as elaborate as that of Abraham Lincoln or General Grant, because he will become a benefactor to the race by adding to the wealth of the farming class millions upon millions of dollars annually.

Tenth—Quick Returns. That's what you get y sowing this wheat, for the crop will go like wild-Every neighbor ought to buy it for seed.

Twelfth—The Last Ten Bushels. It is the last ten bushels per acre that makes farming profitable. If the common sort yields 20 bushels per acre, and this gave you 30 bushels, the last ten bushels would be the profit; but if this gave you 50 bushels, it is very easy to figure up great profits on 100 acres or more.

Thirteenth-A Great Future. This wheat is bound to have a great future, bound to become popular, bound to be largely grown the world over. Why, we have orders for same from our many customers in Europe, England, Corea, Japan and the South American states, in addition to thousands from every county in America where winter wheat grows.

Fourteenth—Be in the Swim. Get our new wheat sorts; prices are low, and next year sell to your neighbors for seed. Th the way to make money.

Fifteenth—When it is known in your county that you buy the newest wheat, oats, rye, barley, clovers, grasses and potatoes—when farmers know that you have Salzer's Seeds, you will sell lots of them. Only one farmer in ten orders seeds from seedsmen. Now, then, "DO YOU BE THAT ONE."

Sixteenth—In Wisconsin Red Cross proved to be the grandest, heaviest yielding, storm and frost resisting winter wheat of all.

RED CROSS WILL PAY YOUR MORTGAGE.

Have you a mortgage on your farm? Well, sow Red Cross Winter Wheat and sow a plenty, and sell the product to your neighbors for seed. You will always get from \$1.00 to \$1.25 per bushel, and at this rate your mortgage will dwindle, and when due be met by money made from Red Cross Winter Wheat.

A CURE FOR HARD TIMES.

The farmer reading the above description, together with the testimonials and strong points in favor of Red Cross Winter Wheat, must see in it a solution for hard times. No hard times can exist when the farmer gets two or three times as much from an acre as ordinarily. Thus, if your wheat produced you but 15 bushels per acre, and Salzer's Red Cross would give you 30 to 45 bushels per acre, ON 100 ACRES THERE WOULD BE A DIFFERENCE OF 3,000 BUSHELS, which would kill hard times in a hurry. Why not try it this fall by seeding heavily to Salzer's Red Cross and other winter wheat sorts? It is a wonderful wheat, and we believe as high as 70, YES, AS MUCH AS 80 BUSHELS PER ACRE CAN BE GROWN FROM THIS WHEAT WITH CAREFUL CULTIVATION: Read Mrs. Mary Kerr's

10 bu. increase on 100 acres=1,000 bu.; 30 bu. increase, means 3,000 bu.

DO YOU FARM FOR PROFIT?

If you do, and want to make lots of money, then plant a plenty of Red Cross Winter Wheat, of our Winter Rye, and our Grasses. There is lots and lots of money to be made in these. Do try them this fall. Sow now. Order quick. Winter wheat seed-that is, good, A No. 1 Northern grown-is scarce. Of course you can get plenty of cheap Indiana or Southern seed, but do you want that as a gift if the coming winter is cold and hard? No! Then you need strong, vigorous, frost and element withstanding wheat from the far North!

Try it This Fall!

PRICE OF SALZER'S RED CROSS WINTER WHEAT.

Now, we wish to give this wheat the widest possible introduction. We should like to see it planted on every farm where winter wheat can grow in America, in every state and county in the North and South. We know that every farmer who will plant same will be delighted with the results. It cannot be otherwise. The yield always has been enormous, and in order to make it an inducement for every farmer to plant same, as also to induce his neighbor to plant a few acres, we have placed the price very, very low. If it is worth a cent as a new sort, it is worth \$5.00 a bushel, but we make our price low so you will give it a thorough trial. Now, we strongly urge farmers to club together and order 20 bushels or more and get it at \$1.30 a bushel,

PRICE OF RED CROSS WINTER WHEAT.

Pkg., 10c.; lb., postpaid, 30c; 4 lbs., \$1.00; by freight, peck, 60c; bu., \$1.50; 2½ bu., \$3.60; 10 bu., \$13.50; 20 bu., \$26.00; 100 bu., \$129.00. Net. Sacks, 18c each.

TWRITE US FOR SPECIAL PRICES ON YOUR WANTS; MAKE OUT A LIST AND WE GIVE YOU WHOLESALE PRICES IN LARGE LOTS.

CANADIAN HYBRID WINTER WHEAT.

This marvelous winter wheat has been in our possession for some years. As is our custom, no sort is sent out by us without receiving a thorough test. Canadian Hybrid has borne this test, and has demonstrated its right to live and make farmers happy. Why?

It is absolutely hardy and insect-proof! At least, so nearly 1,000 practical farmers report. These have had a chance to test this grand sort; and they are unanimous in their say that they would not sell their wheat for \$10.00 a bushel unless they could get it again from Salzer.

Coming from Canada assures its hardiness; yes, it withstood all kinds of climate, weather, storms, thaws, frosts, colds, warmth, rains, droughts, during the past several winters, but came forth the victor over every known sort and kind! Not one farmer of 10,000 reports a failure! In every winter wheat state, on every possible soil, amid every obstacle and condition, Salzer's Canadian Hybrid held its own and outyielded every known old

Now, What is Canadian Hybrid Winter Wheat?

It originated in Canada, on the farm of Clark Parker, through crossing, or in the words of the grower, "I have long had the best crops of winter wheat in my section. I would take the best specimens of different sorts and plant same together, and thus continually improve my yield. Now I cannot call any of these sorts pure, because obtained as above, but can call the Canadian Hybrid enormously productive, ahead of anything I ever planted, very healthy, absolutely storm and weather proof, not easily affected by insects, never has failed me in big yields. Now, what more should I want? It's a bald wheat, though an occasional beard is seen in the field. The sooner you grow it the sooner you will discard all other winter wheat sorts." Now, sir, Mr. Farmer, our experience with Canadian Hybrid warrants the endorsement of every word above. Our farm manager thinks it is not nearly strong enough! It's the very best (next to Red Cross) wheat in the wide, wide world. It surely will pay to try it.

"Cæsar's Ghost! I have followed threshing for over 30 years in Indiana, Illinois, Ohio, and Wisconsin, those wonderful winter wheat states, but never in my life have I seen anything like this field of Salzer's Canadian Hybrid Winter Wheat, which I am threshing to-day for Mr. Farmer Wideawake. It surely will yield over 50 bushels per acre. This beats everything! I verily believe that in less than ten years the Salzer Seed Co. will introduce a wheat that will produce over a HUNDRED BUSHELS per acre. I understand that their new Prize Taker Wheat comes very near that already, and their Red Cross of the North will get there in 1907."

HOW TO MAKE MONEY ON WHEAT AT 40c A BUSHEL.

40c No one would have thought it possible that good wheat would sell at less than 40c per bushel at the railroad 40c 40c station, but 1896 demonstrated that wheat had to go down with the general reduction of everything else. Now 40c the problem that confronts the farmer is, how to grow wheat at 40c a bushel and still make a handsome profit. 40c There is only one way to do it, one sure way: and the one which we will now recommend to our farmer friends, for 40c we know that in following this, wheat can be grown and sold at a handsome profit at 40c a bushel. From corres-40c ponding with several thousand farmers who grow wheat both in winter wheat and spring wheat states, we learn 40c that the average cost of production per acre—this includes the seed, rent, interest, cultivating and selling and 40c hauling of the grain to the station—is \$6.98 per acre, or in other words, it will require a yield of 171/2 bushels, at 40c 40c a bushel, to pay for the expense as above indicated. Now every farmer knows that 171/2 bushels per acre is 40c above the average that you can get on winter wheat throughout the United States, that is, when you sow the common 40c or old varieties. And here it is that the John A. Salzer Seed Co. comes to the relief of every farmer in America, 40c by offering them their new wonderful, heavy-yielding sorts, such as Red Cross, Prize Taker. Canadian Hybrid, 40c Hardy Northern, etc.

With these sorts yields like 30, 40, 50 and more bushels are possible, and the result is that everything you grow 40c 40e above \$6.98 worth is clear profit. Thus this year a field yielding 50 bushels Canadian Hybrid per acre at \$1.00 a 40e bushel means \$50.00, or a profit of \$43.02 on each and every acre. Just be in the swim for 1907. Sow a plenty of 40c Salzer's money-making winter wheats.

40c

40c 40c

40c

40c

40c

40c

Mr. Wideawake-always makes money by sowing Salzer's Seeds.

"Go to the Ant, Thou Sluggard, Consider Her Ways and Be Wise."

Is a saying that our farm manager thinks many of the farmers of America might well consider when they put in their winter wheat crops. There are a great many farmers who are "too tired" to order new varieties of wheat and they sow their old sorts from year to year. The result is always small crops, never averaging more than 12 to 15 or 17 bushels per acre. Now, why not be in the swim and sow a plenty of Salzer's Canadian Hybrid, or their world renowned Red Cross winter wheat, or that marvel of wheats. Hardy Northern, or Salzer's Prize Taker and come right to the front with big paying yields such as 30, 40, 50, 60, 70 or 80 bushels per acre. Just figure the profit this fall on winter wheat. At the time of writing, cash winter wheat is worth a good sum. Now, would it not be a handsome thing if you could deliver to your elevator in July or August, from 5,000 to 10,000 bushels of the finest winter wheat that grows? You can do that next year if you sow a plenty of Salzer's superb varieties.

Price of Salzer's Canadian Hybrid Winter Wheat.

By Mail: Pkg., 10c.; 1b., 30c; 4 pounds, \$1,00. By freight, bu., \$1.30; 21/2 bu., \$3.20; 10 bu., \$12.50; 20 bu., \$24.75; 100 bu. at but \$1.23 a bushel. Sacks 18c each.

YIELDS 80 To 100 Bus RICHER FOOD THAN CORN AND GIVES BESIDES

SPELTZ OR EMMER.

Introduced by our firm from Russia.

Professor Shepard of the South Dakota Experiment

"It is readily eaten by all kinds of stock and has shown itself to be especially adapted when fed to milch cows. It is better to mix it, however, with bran and shorts, as it is a pretty heavy feed when fed alone. As a swine feed, we think very well of it indeed, especially for breed sows.

"Horses do well on it, but I do not think it is equal to oats in that case. Its most striking value is found in the fact of its drouth-resistant qualities."

It resists drouth;
It thrives on poor lands, in stony ground, in forest regions, on the prairies;
Yields more than oats;
Yields more than barley;
Makes better feed than barley;
Makes better feed than oats;
Makes better feed than oats;
Makes excellent flour;
Makes good bread;
The straw is fine for fattening stock;
The stubble makes excellent fertilizer;
Stock very fond of grain and straw;
Ripens early.

CULTURE OF SPELTZ FOR FALL SOWING.

RAPE-DWARF VICTORIA.

Glory enough! Sound the trumpet, clash the cymbals! Shout for joy, clap your hands, break forth in loud hurrahs! Sheep raising right here in Wisconsin is now just as possible and just as profitable as in any state in the Union—yes, as in any place on earth. "What do you say?" I hear a doubting farmer remark; yes, we repeat it again, so you may surely get the full importance of this grand truth: Sheep raising can now be as profitably conducted in Wisconsin as in any place on earth! How? Four things have done it, and the Salzer Seed Co, did it!

1st, Dwarf Victoria Rape; 2nd, Bromus Inermis; 3d, Salzer's Speltz, the great grain food; 4th, Bismarck Hog Food Pea. These are the four plants that make it absolutely sure and possible to grow sheep as successfully in Wisconsin or any other state as anywhere on earth, and the Salzer Seed Co. are the introducers of all four of these grain plants.

these great plants.

Now we believe Dwarf Victoria Rape to be troduced many years ago; Dwarf Victoria is more bushy, more vigorous, thrifty and healthy, we feel sure by planting the two together you will vote for Victoria every time.

PRICE OF DWARF VICTORIA RAPE: Pkg., 10c; lb., by mail, 30c; by freight, 5 lbs., 60c; 10 lbs.. \$1.00; 50.

Price of Dwarf Essex Rape: Pkg., 10c; lb., 30c, postpaid. By freight, 10 lbs., 75c; 50 lbs., \$2.40; 100 lbs., .75; 224 lb. sack @ 4½c a lb.

FIELD OF SAND VETCH JUNE 20TH.

SALZER'S BILLION DOLLAR GRASS.

of this great grass Mr. George Merchant, Iron Co., Wis., says: "The Billion Dollar Grass is something immense. I sowed it in June and cut it two times, and it was 5 feet high each time; and now, Sept. 13th, it is again 5½ ft. tall, which I will cut for the third crop of hay. Now it makes 15½ feet that it has grown since early June. At that rate it will make 12 tons of magnificent hay per acre.

PRICE: By mail, big pkg., 10c; ½ lb., 20c; 1lb., 25c; by freight, pkg., 10c; 1 lb., 15c; 12 lbs. for \$1.20; 20 lbs. for \$1.75; 50 lbs. for \$3.00; 100 lbs., \$5.00; 250 lbs., \$12.00.

SALZER'S SUPERIOR SAND VETCH.

There was no patch more eagerly sought and more care fully noticed by thousands of farmers who visited our Dakota farms than our Superior Sand Vetch. It was worth coming miles and miles to see. It was sown in May, but soon covered the ground and kept on growing and blooming and plooming and growing, surprising everybody. The yield must have been something like? Tons per acre. To show how rapidly it grows—we put a sample in our green house in pure sand, and in 7 days after sowing it was 10 inches tall, without a drop of moisture either in the sand or applied to it after sowing.

James M. Stone, Forestville, N. Y., October 9, has this magnificent testimonial on Salzer's Superior Sand Vetch: "Your Sand Vetch is immense. Took two plants to the Dunkirk Fair. It excited great curiosity. Standing on a chair and holding it by the roots as high as I could reach, the tops still dragged on the ground."

The Department of Agriculture at Washington estimate the value of a plowed under crop of this Vetch as equivalent to putting into the ground \$16 to \$45 worth of commercial fertilizer to the acre.

PRICE OF SALZER'S SUPERIOR SAND VETCH: Pound, 25c, post-paid; by freight, 11b., 15c; 10 lbs., \$1.25; 30 lbs., \$3.25; 50 lbs., \$5.25; 100 lbs., \$10.00.

PENCILARIA.

This is called the Wonder grass, as it has so wonderful a yield. It is greatly relished by all kinds of stock, either in its green or dry state. Sow seed very thinly in drills 24 to 36 inches apart. Every farmer, and in fact, every one who keeps cows, horses or hogs, should try it if they wish to grow an immense crop of fodder cheaply on a small amount of ground.

PRICE OF SALZER'S PENCILARIA: Pkg.. 10c; 0z., 15c; ½ lb., 20c; ½ lb., 30c; 1 lb., 50c, postpaid. By express, 1 lb., 40c; 5 lbs., \$1.50; 10 lbs., \$2.50; 50 lbs., \$10.00.

SALZER'S SUPERIOR GRASS AND CLOVER SEEDS.

(Write us for Special Wholesale Prices on Clovers, Timothy, etc., if desired in Large Lots, stating Quantity desired,)

(Inoculate your soil with Nitro-Culture-see price, page 25. It will positively make your Clover grow and double all yields.) Grass (and Clovers included, of course) is king, for no other product of the land returns such continual paying yields, as the meadows and the pastures. We warrant our Grass and Clover Seeds to be of unusually strong and vigorous vitality. Should stocks become exhausted we will fill at market price.

The Honest Truth About Grades.

In the open market among Seedsmen we find terms as Fancy, Choice, Prime and Fair by which different grades of Grasses, and Clovers and Timothy are known. These have been so much abused that they really mean nothing. Thus, a seedsman, in Minnesota will grade a bushel of clover as choice. At La Crosse this same clover might be graded as Prime. In Chicago possibly it would bear the name Fancy! For this reason, ten years ago we established grades of our own, to which we have adhered strictly. This year we have added another grade, the "Twentieth Century.

Under our grades, therefore, we mean as follows:

- Prime.—Merchants sell this grade of Clover, Timothy and Grasses largely out of their stores as Prime to Choice. It has not been well cleaned and contains some weeds or other grasses or clovers, and some blighted seeds, hence the lower price.
 Choice. Better than Prime; corresponds often to grades like Badger, Diamond, Sterling, etc.
 Salzer's Superior. This is par excellence. It is grown for seed only, and is superior to 96 per cent of the clovers offered by Seedsmen in this country. It is superior, we think, to grades like Badger, Sterling, Pine Tree, Diamond, etc., etc.
 Twentieth Gentury. Hats off for this grade. It is the finest, cleanest, heaviest, most vigorous seed that can be grown. It is grown for seed purposes only on carefully selected clover soil, kept free from weeds, and the seed saved and gathered under great expense and great care. It is to other grades what rich Jersey Cream is to skimmed milk.
 We call this Twentieth Century strain absolutely pure, as it is as nearly so, as care, and selection, and pains, and growing can make it.
 What we say about Clovers pertains to Timothy, Blue Grass and all other Grass and Clover Seeds. Sacks, 18c each.

The prices of Grass and Clover Seeds are made before the crop is harvested, as this catalogue goes to press May 20, 1906. They are the prices prevailing today. Always ready to give closest prices when you are ready to buy. State quantity desired.

ORCHARD GRASS

BROMUS INERMIS.

Drouth Defying, Frost Resisting, Yields enormous crops of splendid hay and affords early and abundant pasturage. It adapts itself to almost Every Condition of soil and climate, and to any use to which grass may be put, equaling in quality and rivaling in yield almost every other It is not an experiment. It is a thoroughly established success.

Salzer's Grades of this magnificent grass are unequaled for purity and high germination, and less seed of it is required to the acre, than of any other grade. From good seed, good

crops grow.

MR. J. H. Shepherd, Professor of Agriculture, N. D. Agricultural College, Fargo, says:

"As pasturage it is preferred to timothy by the cattle, as shown by a trial, where it was fed off more closely than timothy in the same pasture. It has the advantage of being early and being green until late in the fall. The fact that the Bromus Inermis resists drouth better than other cultivated grasses, greatly adds to its value in the Northwest. The eagerness with which it is sought by stock leads me to believe that it is of as much value as timothy for hay and pasturage, and that the hay is as valuable, ton for ton."

* We completed arrangements with Prof. James H. Shepherd, Professor of Agriculture in the South Dakota Agricultural College, Brookings, S. Dak., for the sale of his absolutely pure Bromus Inermis seed.

This seed was grown by Prof. Shepherd at Brookings and is from imported seed obtained by Prof. Hanson of the South Dakota Agricultural College while in Russia, under the direction of the United States Department of Agriculture.

We consider the College Grade absolutely the finest Bromus Inermis seed ever offered.

Salzer's Northern-Grown Alfalfa or Lucerne.

Glory enough! Ring the bells! Shout for joy! The year of jubilee has come! How's that? Why, sir, it is now possible to grow Alfalfa Clover in every State of the Union, North, South, East or West—why, sir, cold Minnesota, and freezing Wisconsin, and treeless Nebraska, and the prairies of Illinois and Iowa, and the bottoms of Indiana, and the pineless soil of Michigan, and the rich farms of New York and Pennsylvania—yes, every state can grow from two to four crops of Alfalfa if Salzer's Northern Alfafa Seed is used! That's acclimated, that's

hardy, that's tough, and we believe tougher and better than the Turkestan Alfalfa!

A grand Clover—the eternal Clover of Europe and Mexico. Our attention thereto was first attracted in 1885 by a large patch near La Crosse, holding its own through an unusually cold winter and spreading rapidly. Since then we have sold enough seed in Iowa, Wisconsin, Illinois, Minnesota, Missouri, Nebraska, Kansas, Indiana, Michigan, Ohio, Pennsylvania, New York and other parts to sow 500,000 acres, and have the first complaint to hear on same.

WHAT ALFALFA WILL DO FOR YOU:

First: As a fertilizer, it sends its roots 10 to 20 ft. after moisture and nourishment, and these in turn decay and wondrously enrich the soil.

Second: Stands drought. It makes the desert bloom as the rose growing under the most adverse dry

or hot conditions.

Third: Stands wet equally as well, and returning bountiful yields in Wisconsin, Minnesota, Pennsylvania and every other state.

Fourth: It is early. It is fit to pasture as soon as the sun is over the ground. The first cut is ready in May, the second in July, and the third in August.

Fifth: It is nourishing. No clover furnishes more nourishment to the cattle than this.

Sixth: Grows everywhere. It will grow wherever corn or oats will flourish.

Seventh: Yields enormously. It will yield in every state in the Union, if properly taken care of, from five to ten tons per acre.

R. A. Moore, Professor of Agronomy, of the College of Agriculture, University of Wisconsin, has this magnificent testimonial on Salzer's Northern-Grown Alfalfa Clover: "From several tests made from Alfalfa Clover seed ordered by the Experimental Station last year from you, we found that we got an average germination test of 99 per cent. This we considered exceptionally good. Sincerely yours, R. A. Moore."

NORTHERN-GROWN ALFALFA SEED.

You may be able to buy Alfalfa from your merchant in your town, or from seedsmen in New York, or Chicago, or St. Paul, or Minneapolis, or Des Moines, or Rockford, or elsewhere at a lower price than Salzer's Superior Northern-Grown Seed, but let me tell you, my friend, that our seed, when it comes to vigor and hardiness and yield, is worth \$5.00 a bushel more than any Utah or Kansas or Western seed offered by the other seedsmen.

We are the only growers of Alfalfa Clover seed in the North. Ours is pedigree stock, the kind that will stand the vigorous cold of Wisconsin winters, the kind that lasts at 40 degrees below zero and comes out in Spring to gladden the hearts of the farmer and make happy his stock.

B ALSIKE CLOVER.

With one leap, with one bound, Salzer's BAlsike has become popular, immensely popular! Our sales of BAlsike the past season were 80 times more than the year before! That tells the story. This BAlsike has reason back of it for its tremendous popularity. BAlsike is grown right here on the celebrated Cloveralane Farm for seed, contains some Timothy, as the two, Alsike and Timothy, do so splendid, so magnificantly together. If you do not plan to grow for Seed only, then the B will give you splendid satisfaction, and is much lower in price; indeed, it is now being sown in great quantities almost to the exclusion of superior seed owing to its very low price. BAlsike is bound to please you; its luxuriant growth, its splendid adaptability to produce its best with a sprinkling of Timothy; its marvelous producing powers splendid adaptability to produce its best with a sprinkling of Timothy; its marvelous producing powers make BAlsike profitable to sow! The John A. Salzer Seed Co. sow it in large quantities for lots and lots of excellent hay—it makes hay of a very superior quality, and the price is but \$6.30 a bushel! Of course, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you desire to grow for Seed, then by all means plant only Salzer's Superior Seed to contain the second of the second popularity.

URKESTAL ERN LOVE

TURKESTAN ALFALFA OR LUCERNE.

TURKESTAN ALFALFA OK LUCERNE.

Medicago Sativa Var. Turkestanica.

Perfectly Hardy, Withstands Drought, Heat and Cold. Yields the Heaviest and Richest Crops of Fodder. The best Clover for Permanent Hay and Pasture.

VALUED AS A FODDER PLANT ON DRY ARID SOILS.

The climate of Turkestan is not unlike that of our interior states, being far removed from the ocean and surrounded by wide expanses of dry land. The summers are very hot and long, and in many places the evaporation exceeds the quantity of moisture that has fallen during the year. The inhabitants are mainly employed raising cattle and there this Alfalfa grows and flourishes.

WITHSTANDS EXTREME COLD WITHOUT INJURY.

At the experimental station, Brookings, S. D., with a minimum temperature last winter of 40 degrees below zero, with the ground bare, common Alfalfa was killed, while Turkestan came through unharmed. At the Wyoming Experimental Station the Turkestan Alfalfa was exposed to a minimum temperature of 45 degrees below zero without harm.

SALZER'S RED OR JUNE CLOVER.

Salzer's Superior Strain of Clover Seed is known all over America as the most wondrously vigorous and prolific in culture. It certainly beats St. Louis, Chicago and Eastern Clover in yield, vigor, foliage and rich food matter from 30 to 50 per

In culture. It certainly beats St. Louis, Chicago and Eastern Clover in yield, vigor, foliage and rich food matter from 30 to 50 per cent.

WHY IS SALZER'S CLOVER SO SUPERIOR?

The answer is given by ex-Gov. F. A. Hoffman, of Illinois, in a few words. He says: "Out of repeated tests made with Salzer's Superior Brand of Red or June Clover, never less than 98 kernels out of 100 grew; that is why I sow only Salzer's Grass and Clover Seeds."

Now, that is the experience of thousands and thousands of our customers all over America, and they write us that they would rather pay a little more for our Superior Northern-Grown Seed and know that every kernel will grow, than to get inferior seeds from seedsmen who are not growers, and who, as a rule, buy from commission merchants who buy up anything and everything that is offered. Now our seed is carefully grown in the extreme North, is vigorous, sprouts and grows!

Our Clover Seed, being grown by us with great care in the far North, is worth \$1.00 to \$2.00 a bushel more than Chicago, Toledo, St. Louis, Minneapolis or Eastern seed for big yields.

Hon. H. F. Hunter, of S. Dakota, Says: "Clover is not all alike, as some seem to think. I'd rather pay \$10.00 a bushel for Salzer's Superior Red Clover than buy of some seedsmen and stores at \$3.00 a bushel. My experience in farming proves that Salzer's Clover Seeds all grow and double other yields. I use Nitro-Culture, too."

JAPAN CLOVER.

Nitro-Culture for Clover, see page 25.

PRICES. Above prices for Clovers and Grass Seeds are made before the crop is harvested as this catalogue goes to press May 20, 1906. They are the prices ruling today. If desired in large quantities, please write for Special Prices on Red Top Blue Grass, Timothy, Clovers, Etc., Etc., Etc., stating quantity desired.

LUXURIANT MEADOW-FROM SALZER'S MIX

Lives there a farmer whose heart is not made light and happy and glad at the sight of a luxuriant meadow? To get a magnificent stand of grass it is imperatively necessary to sow good Northern-Grown Seeds. Now, we were the first seedsmen in America to make a specialty of Northern-Grown Seeds. We now have scores of imitators, but none whose Grass and Clover seeds equal ours in vitality and vigor of growth. Our Grass Mixtures will be a source of constant pleasure and profit, and the fact that dozens of seedsmen imitate our mixtures is proof that they are good.

SALZER'S EXTRA GRASS MIXTURES.

Prices good until Dec. 15, 1906.

These have secured for themselves a world-wide reputation. They are being sown in great quantities all over America with excellent results. They are cheap, considering their high quality and choice strain, and are eminently practicable. They are immeasurably superior to clover and timothy sown together, as these mixtures contain just the right quantity of the different varieties of grasses to do well. We earnestly recommend dealers and others to urge their farmer friends to give them a trial.

Sow from 14 to 21 pounds to the acre.

CHEAP GRASS SEED MIXTURES.

To meet competition with Minnesota Cheap Grass Seed Mixtures, as also Illinois and some Wisconsin sellers (not growers of seed), we offer the following: Price of all Mixtures: Per 16 lbs. for one acre, \$1.50; per 50 lbs., \$4.50; per 100 lbs., \$8.50.

No. 1 for high and dry ground, light soil, for either meadow or pasture
No. 2 for high and dry ground, heavy soil, for either meadow or pasture
No. 3 for moist ground, rich soil, for either meadow or pasture
No. 4 for moist ground, occasionally overflowed, for either meadow or pasture
No. 5 for top seeding of marshes, for either meadow or pasture
No. 6 for prairie soils, for either meadow or pasture
No. 7 for light, gravelly, sandy soils, for either meadow or pasture
No. 8 for sheep pasture

When ordering state whether desired for pasture or meadow. Of course, we do not recommend cheap mixtures, though these are considered equal to the best offered by seedsmen who are not growers.

20. SALZER'S RENOVATOR, OR QUICK RESULT GRASS MIXTURE.

Quick growing, rapidly producing grasses, pastures and meadows of quick and great luxuriance are often desired at once; for these we recommend our Renovator Grass Mixture. This mixture is gotten out for the purpose of a Renovator Grass Mixture—one giving quick results and of high germinating character. Farmers tested same on their worn-out meadows with magnificent results; others seeded same alone, and received the finest stand of grass they had ever seen, while, without exception, everybody reports in glowing terms, as to the vigor, the quality and permanency of this great mixture.

I sowed your Grass Mixture March 19th, on a miserable piece of land—"so poor, two men could not raise a fuss on it!" and yet on April 30th, in less than 42 days, I had the finest stand of grass in our county! Your Grass Mixtures do grow so luxuriantly.

THIS RENOVATOR, OR QUICK RESULTS MIXTURE,

is made up of such varieties of Grasses and Clovers as act quickly, give happy results in quick or short order and lend a permanency that is astonishing and surprising. This mixture we mowed in one season three times, and thereafter pastured it. That is all man can ask of Grasses, and our Renovator Grass Mixture will do for you what it has done for us and others. We predict for it immense popularity among the farmers of America, as it is fit to be sown—please remember this—fit to be sown in each county and state in the Union, and all the territories and Canada besides.

**Effor renovating pastures, sow at the rate of 8 lbs. per acre.

Sown with Salzer's Superior Lawn Mixture. A quart of seed sows 15x20 or 300 sq. ft.; costs 25c postpaid.

SALZER'S SUPERIOR LAWN GRASS SEED.

It is the easiest thing in the world to grow a beautiful lawn. How often in our own city, as well as in other towns, do we find people spending from \$10.00 to \$25.00 sodding a lot, when 50c to \$1.00 worth of Lawn Grass Seed would do the work, would do it better and give a thicker swath and a greater growth than any sod you can find and put on anywhere. There is nothing that gives quicker growth and a thicker sod than Salzer's Superior Lawn Grass Mixture. It not only does well in the North, but it does well in the East, West, South, and anywhere and everywhere, and makes lawns, golf links, tennis courts, etc., as soft as velvet and green as emerald all summer. The Salzer Superior Lawn Grass Seed will form a close, ROST PAID thick turf in

6 WEEKS' TIME.

If people only knew how comparatively easy it is to make a lawn with Salzer's Lawn Grass Seed, the days of using sod, with all the attendant expense, would soon be over.

THE QUANTITY REQUIRED

for making new lawns is 3 to 5 bushels, or 42 to 70 pounds, per acre, or for renovating old lawns, 1 to 2 bushels. For a plot 15x20, or 300 square feet, 1 quart is required for new, or 1 pint for renovating old lawns.

PRICE: Pt., 15c; qt., 25c; 2 qts., 45c; 4 qts., 85c, postpaid; by express, qt., 20c; 2 qts., 35c; 4 qts., 60c; 5 lbs., \$1.00; bu. of 14 lbs., \$2.25; 20 lbs., \$3.00; 50 lbs., \$7.00; 100 lbs., \$13.50.

INOCULATED.

NOT INOCULATED

NITRO-CULTURE.

What NITRO-CULTURE is—NITRO-CULTURE consists of nitrogen-collecting Bacteria which work in the soil and on the roots of leguminous plants, having the power to collect free nitrogen from the air and supply it to the plants. All plants need nitrogen, which is very costly when obtained by chemical process. The remarkable increase of crop frequently reported and caused by inoculation is due wholly to the large amount of nitrogen collected from the air by the Bacteria.

The successful artificial inoculation of soils deficient in these Bacteria, is of recent date and is in its infancy. The outcome may show this to be one of the greatest scientific agricultural discoveries of the age.

Out of 3,540 tests reported to a certain date to the United States Agricultural Department, there were 79 per cent. of successful experiments—all showing increase and some to a marvelous degree. The exhibits of plants grown from inoculated seed in pure sand and the large foliage and great net-work-mass of warty roots of same produced by inoculated seed and all shown beside the dwarfed plants minus the nodules from non-inoculated seed,—these seem almost the work of magic.

FULL DESCRIPTIVE CIRCULAR.

We shall be only too glad, upon receipt of 2c postage, to mail you a circular fully describing this recent great scientific discovery for Agriculture. This circular gives a full description of the marvelous benefits derived from Nitro-Culture and we urge every gardener and every farmer to obtain same.

We have Nitro-Culture especially prepared for the following:

Alfalfa or Lucerne, White Clover, Lathyrus, Vetch, Field Peas, Beggar Weed, Red Clover, Crimson Clover,

Seradella, Cow Peas, Garden Peas, Sweet Peas, Giant Incarnat Clover, Burr Clover, Esparsette,

Soy Beans, Garden Beans, Salt Bush, Alsike Clover, Japan Clover, Velvet Beans, Peanuts.

SALZER'S EARLIEST POTATO

This prince of Earliest Potatoes heads the general list of Potatoes. It has earned this proud distinction on account of its being the earliest in the world,—that is, the earliest introduced for general culture. Earliest? Yes, for it has ripened tubers fit to eat in 30 days—4 weeks. Who would have thought that possible 10 years ago? Indeed, this is the earliest Potato in the world; at least proven from 6 to 12 days earlier alongside of over 60 seedsmen's earliest sorts. We do not think that for earliness, enormous productiveness and fine appearance, for strong, vigorous growth, excellent flavor and early ripening quality, any praise, no matter how strong, is too high for its merits. Salzer's Earliest is none of your weakly, dwarfish things; it is full of life, vigor and healthfulness, and as soon as planted sprouts quickly; apparently determined to get there weeks ahead of its relatives, and so it does. And, sir, it does it every time. It is the great Earliest Potato, and although it is being crowded by our Peerless Six Weeks, it still leads as the champion Early Potato of the world! No Potato yet introduced that gets there quicker, is of finer form, sells more quickly than Salzer's Earliest. Its friends are legion. It is a seedling of that celebrated Triumph or Stray Beauty type, but is earlier than either and twice as prolific.

PRICE OF SALZER'S EARLIEST POTATO UP TO DECEMBER 1, 1906:

Price this fall: 1 lb., postpaid, 35c; 3 lbs., \$1.00; by freight, pk., 60c; ½ bu., \$1.00; bu., \$1.50; bbl., \$3.40; 3 bbls., \$10.00.

Salzer's Six Weeks beat the world!

SALZER'S GREAT SIX WEEKS POTATO.

It is without question that the Earliest Six Weeks Market Potato is the best Potato of the age. It is ahead of Salzer's Earliest in quality and yield, but is not quite so early, but is 10 days earlier than Early Michigan, Bovee and such "claimed earliest sorts." There is another great advantage in planting Salzer's Earliest Six Weeks Market in preference to any other earlier sort, namely, it is always a reliable yielder. Salzer's Earliest Six Weeks Market, has never failed us to produce extremely early, very large tubered Potatoes. A little later than Salzer's Earliest, but always sure.

Price this fall: Pk., 50c.; bu., \$1.40; bbl., \$3.20; 3 bbls., \$9.00. Write for special prices on other Potato sorts.

Salzer's Six Weeks beat the world!

write for Special Prices on Potatoes if Wanted in Several Barrel Lots.

Extremely prolific and a full week in advance of Early Rose. (Same as Improved Bermuda, Stray Beauty, etc.) Color, a beautiful light red. Size, medium. Growth, very uniform. Shape, nearly round. The flesh is white; very mealy when cooked. This potato is in exceedingly high favor with Southern market gardeners and truckers, and is shipped to the Northern markets in enormous quantities in the early spring. It grows well at the North. The eyes are slightly depressed and the skin is smooth, making a handsome early potato in barrel or basket. Its beauty, good quality, extreme earliness and great productiveness make it highly profitable.

Fall price: Lb., 30c; 3 lbs. 75c, by mail; by express or freight, pk., 60c; 1/4 bu., \$1.00; bu., \$1.45; barrel, \$3.35.

SALZER'S EXTRA EARLY OHIO POTATO.

Earliness is a great advantage to the gardener, and puts this variety at the head, second only to Salzer's Earliest Six Weeks, Sunlight and of course Salzer's Earliest. It is a special favorite with marketmen, and one of the most profitable potatoes they can grow. The sprout is very strong, and the vines grow erect, making it easy to cultivate, and on account of its early maturity you can get the highest market prices. They keep firm till late in spring. This variety is frequently sold by Iowa and by other seedsmen, as the Six Weeks. That's a fraud. The only true Six Weeks Market Stock in America can be had only of us.

Price, this Fall, 11b., 30c; 3 lbs., 75c, postpaid; by freight, pk., 50c; bu., \$1.30; bbl., \$3.00.

Write for special prices if wanted in large lots.

FAST MAIL POTATO COLLECTION. This collection is composed of the following potatoes: Price, bbl., \$3.70. 1. SALZER'S FAST MAIL.

It is a magnificent, new, extremely early, extremely fine, extremely well-flavored, extremely healthy and extremely prolific White Potato. It is a tremendous yielder, elegant and fine in every respect. We are sure that everybody will be pleased and delighted therewith.

Price: Pk., 75c; ½ bu., \$1.25; bu., \$2.00; bbl., \$4.50.

Who has not heard of Dan Patch? The fleetest

Who has not heard of Dan Faten.

Now the introducer of this Potato says of it, "I call same Dan Patch because I believe there is no potato on earth earlier than same. It is a seedling of the Famous Extra Early Ohio. It resembles same in shape but it gets there quicker and I think is finer flavored and is surely a far heavier yielder. It is the finest extra early potato that I know of."

Price: Lb., 50c; 3 lbs. for \$1.00, postpaid. By freight: Pk., 80c; ½ bu., \$1.25; bu., \$2.00; bbl., \$5.00.

3. SALZER'S EARLIEST.

See page 25 for this wonder!

4. SALZER'S SUNLIGHT.
The very earliest white potato grown.
Price: Bu., \$2.00; bbl., \$4.00; 3 bbls., \$11.90.
b. SALZER'S SCAB PROOF POTATO.

Six hundred bushels per acre is possible every-there! And then it is Scab Proof—absolutely Scab

ITS SCAB PROOF QUALITY

makes this potato very, very cheap at \$5.00 a barrel, for a barrel of Scab Proofs are good for 200 bushels.

Price: Lb., 40c; 3 lbs., \$1.00; postpaid.

FARMERS' FAVORITE POTATO COLLECTION.

This collection is composed of the following potatoes: Price, bbl., \$3.40.

1. SALZER'S IRONCLAD.

Fifteen years ago we introduced this great potato and for years it was grown by many farmers to the exclusion of all other late sorts; tarmers to the exclusion of all other late sorts; but we ran out of it, and but last year did we get hold of some of this stock that had been grown by a colony of farmers in Washington and had kept singularly pure and fine. It is a great potato!

Pk., 75c; bu., \$1.75; bbl., \$4.50.

2. EARLY WISCONSIN.

On the trial farms of the Rural New Yorker—the great eastern farm paper—Salzer's Early Wisconsin Potato yielded at the rate of 736 bushels per acrel By freight, pk., 60c; bu., \$1.75; bbl., \$3.90.

3. CARMEN.

On our trial grounds the past summer this Potato returned at the rate of 900 bushels big solid white potatoes per acre!

By freight, pk., 75c; bu., \$1.60; bbl., \$4.00; 3 bbls. \$11.50.

4. DAUGHTER OF EARLY ROSE.

It's like the old Early Rose only in shape, but about 50 per cent better in quality. It's a great winner. Price, pk., 75c; 2 pks., \$1.00; bu., \$1.75; bbl., \$4.00.

5. KING OF THE OHIOS.

A seedling of the famous Early Ohio. Alw scarce. It's early; it's fine; an immense cropper. Price: Pk., 75c; bu., \$1.75; bbl., \$4.00, Always

\$3.40

3 pecks SALZER'S WONDERFUL IRONCLAD, 1 peck EARLY WISCONSIN, 2 pecks DAUGHTER OF ROSE, 3 " CARMEN, 2 " KING OF THE OHIOS, 1 pound GOV. LA FOLLETTE POTATO, (free). In all 11 pecks, separately packed, for only \$3.40. 1 bbl., \$3.40; 3 bbls., \$9.90.

SALZER'S GREAT CONSTELLATION SEEDER, CULTIVATOR, ETC., \$8.00.

Here's the greatest garden tool of the century. Nothing ever before offered comes up to it in utility, ease and perfection. It sows the seed, cultivates, rakes, plows, covers and takes eare of the garden ever thereafter. It is almost human. It is really a most remarkable tool and can be used, as shown in the illustrations hereunto appended, in the most manifold ways. You can use it as a single-wheel seeder or as a double-wheel seeder, as a furrower, or as a plow, or as a weed exterminator, or again as a rake, or as a fine cultivator, or as a hoe on both sides of the rows—in fact, in every shape, way or manner that a cultivator or a hoe or a seeder can be used, this Constellation answers with the most perfect workmanship imaginable. In this great Constellation all of the errors of the old drills, such as the Planet Jr. and the Matthews and a dozen of others, have been overcome and new additions made, so that to-day this Salzer's New Universal Constellation is the only perfect tool. Price, only \$8.00.

TREE PRUNER.

8-foot pole, \$1.00; 10-foot pole,

Budding-With ivory point.

THE OSBORNE WEEDER.

Just the thing the farmer wants for hilling Potatoes, etc. Cannot get along without it. When once you use it you will say, "How did I get along without it?" It will largely

rice, only \$2.50

Price of this splen-did tool, this marvel of utility,

Empire one-horse, 7-inch cut,

wood beam.

Potato Digger,

\$6.50.

Empire One-Horse Pony Steel Plows.

With steel standard and cap, sloping land-side and adjustable slip heel, wood beam, cut 7 inches, does superior work everywhere as a general purpose plow. Price, \$3.60.

NO A. O., same as above, cut 8 inches. Price, \$3.90.

Heavy Malta Plow. There is a great demand for this double Shovel Plow. and it gives universal satisfaction Price each, \$2 40.

Potato Digger.

A great labor saver works quickly, is never out of repair, and pleases everybody No trouble to dig 500 bushels per day. It is cheap and effective. Get one for the boys and make the digging of potatoes the fun of the farm work. You will like it. The price is very low. Price, only \$6.50.

COMBINED HARROW AND CULTIVATOR.

only \$3.90.

Claimed by ten thousand farmers to whom we have sold, as the most magnificent—best tool on earth.

By means of a lever attachment the Cultivator can easily be changed to run narrow or wide, as the operators once on the farm you would not part with it for \$50.00. Now, you will talk just the same way if you purchase one of these tools. The price is so cheap that we hope you will not forego the pleasure of having one on your farm. It is splendid for Corn, Tobacco, Cotton, Potatoes, etc. It thoroughly pulverizes. For close work it's A No. 1. Teeth can be quickly changed, reversed, etc., making four changes—so you really have four different kinds of cultivators in this one. Can be narrowed to 9 inches, and extended to 30 inches. Weight, 60 lbs. Price of this Combined Harrow and Cultivator with wheel and lever, only \$3.90.

Salzer's Great Ideal Cultivator.

Price, Figs. 1 to 5, \$4.90.

This is the tool that has lived in our fancy and dreams for years. And we now shout and sing because we have found all those splendid qualities that we have longed for. The cut fully shows the Ideal with our new Pattern Handle and Braces. These are absolutely new and the most effective and stiffest combinations known, at once making the tool rigid, yet allowing adjustment of handles in height and sidewise. This tool, as shown in Figs. 1 to 5, we sell for \$4.90. Write for prices on extras, such as extra Sweeps (Fig. 10), etc., etc.

Write for wholesale prices on anything you need, giving on itemized list of your wants.

The Genuine Famous Boss Harrow.

The greatest harrow in the world. That's what our customers say. It is certainly the cheapest and best harrow that we have ever seen. It is well and strongly made. The bars are 2x2½, and the eveners 2x4, of the very best seasoned oak. The teeth are one-half inch square steel, with dagger points. Each

The two-horse harrow consists of center section and two end sections horse consists of all the sections shown above. It is the most popular, cheapest harrow that we know of, and we heartily recommend same. It is used on our farms to our complete satisfaction.

2-horse harrow, 78 teeth, cuts 13 3 " 102 " 164 4 " 150 " " 26 rse harrow, 78 teeth, cuts 13 feet wide, weight, 190 pounds. \$6.15 feet wide, weight,

Salzer's Great Diamond Pony Mill. Price only \$15.50.

The Diamond Pony mill geared for horse power has been a special favorite among farmers and breeders, where it has had an immense sale for the past ten years. It is especially adapted for use with our 2-horse power, although it may be used with four or six horses. It is geared for direct attachment to the tumbling rod and is speeded with a 42-cog spur wheel and a 10-The balance cog pinion. wheel is turned down on the

face so it can be used as a driving pulley for corn sheller or feed cutter. We also furnish a 12-inch drive pulley on the lower tumbling rod shaft of the Mill for the purpose of running a corn sheller when the speed would be too high to run from the upper shaft balance wheel. The capacity of this mill, with 2-horse power, is from 12 to 15 bushels per hour; with 4-horse power, 15 to 20 bushels, with 6-horse power, 20 to 30 bushels.

Price each, with 3 sets of 6-inch burrs, \$15.50, net. Price of burrs alone, per set,\$1.25

The Diamond Pony Mill and 2-Horse Power (see Illustration and Price of this above), to one address, \$38.00.

Farmers' Favorite Fanning Mill, \$13.50.

Like a whirlwind this great grain-cleaning mill has taken hold of the farmer! It's found its way into every hamlet where oats or barley or wheat or rye or millet are grown, and has proven itself wondrously popular, a great money coiner and money saver. Of this Fanning Mill we have two sizes, No. 1 with sieves 24 inches wide and No. 2 with sieves 30 inches wide. The No. 1 has a cleaning capacity of from 60 to 90 bu. per hour, and the No. 2 of 100 to 125 bu. per hour. This is a magnificent mill for cleaning and grading and separating all kinds of grain and seed. Each mill is furnished with 1 wheat hurdler, 1 wheat screen and grader, 1 barley sieve, 1 oat sieve, 1 rye sieve, 1 flax sieve and clover and timoflax sieve and clover and timo-

thy sieve.
This mill retails, the No. 1 at \$25.00 and the No. 2 at \$30.00.

Our special price: No. 1 only \$13.50; No. 2 only \$17.50.

RACINE FANNING MILL, \$10.95.

One of the most popular, and at the same time cheapest, mills in use. The feed is large and the sieves are 24 inches. For general purposes we believe this mill has no superior. The same contains a wheat hurdler with zinc sieves on top, a wheat sieve, an oat sieve, a barley sieve, clover and timothy sieves. We furnish a Seed Corn Separator to either the Farmers' Favorite or Racine Mills. Write for prices. Price of Racine Mill, only \$10.95. Given as Premium for a \$110.00 order.

"Out O' Sight" Mouse and Rat Traps.

Here is a secret. The John A. Salzer Seed Co. warrants this mouse and rat trap to catch fat, hungry, well-fed—in fact, any kind of mice and rats, "as quick as you can set the trap." It's simply immense.

Price No. 1, for mice, 10c each; 3 for 25c; 6 for 40c;

12 for 75c. Postage paid.

Price No. 2, for rats, 15c each; 6 for 75c; 12 for \$1.25. Postage on each, 8c.

"Out O' Sight" Mole Traps.

Just as effective as the mouse trap. It's cheap, good and strong. Each, 75c postpaid.

The Eli Mouse Trap.

Something new, Equal, and by many thought superior to "Out O' Sight." Just the thing to catch mice by wholesale—a regular wholesale mouse killer! You will like it! mouse killer! Yo will like it! Price, No. 1, 8c; for 20c; 6 for 35c;

for 65c, postpaid.

The Eli Rat Trap.

Twelve cents each: 3 for 30c; 6 for 55c. Postage on each. 6c.

The Kokosing Cutter.

This is an excellent cutter for ensilage or for cutting corn stalks or straw for mixing same with bran to feed cattle. It cuts one-half inch to an inch, and is a great saver of feed. It has an II-inch knife, automatic feed, and can be changed in a moment to various lengths. Price, each, \$10.00. Write for Who

THE FARMERS' FORGE.

There is not a tool or instrument or machine that we have sold with greater pleasure and with more satisfaction than the Farmers' Forge. It is a forge that is so simple, and yet so effective, so cheap and yet so durable that every farmer will be more than pleased and satisfied with same. We would not part with several of these that are being used on our different farms, for five or ten times the cost. They will save many a farmer double and treble the cost annually.

Indeed, this is just the thing, Mr. Farmer, that you have been looking for—a popular, durable, cheap, always ready, warranted safe, perfect farmers' forge. The hearth is nearly 30 inches high and is 24x26 inches square by 12 inches deep and is made absolutely fireproof by its peculiar construction. The blower is 11%x4½ inches. Everything about the forge is A No. 1, and will surely please you. The weight is about 45 pounds. Price, this fall, \$3.40. There is not a tool or instrument or machine that

Price, No. 1, with 5½ ft. Saw, \$15.00. Given free with an order for \$160.00.

EASY TO LEARN DRESSMAKING AT HOME BY MAIL.

No previous experience or preparation necessary. A tape line, yard stick and scissors all the tools you need. The teachings are personal, and so thorough that any woman or girl can easily master the lessons, and soon be able to make fine garments, and if you wish to take up Dressmaking as a profession, you can easily earn from \$15.00 to \$100.00 per week, or even more by opening your own shop. We teach you to design, draft, cut, fit, make and trim, from the plainest shirtwaist to the finest costume.

The course consists of fifteen personal instructions. Some of our graduates completed the entire course within two weeks, by devoting from one-half hour to one hour per day in study.

Madam Olga Goldzier, one of the best known Dressmakers in America, a member of the faculty of Ruskin University, is instructor-in-chief. Madam Goldzier has received first prizes and gold medals in Paris, Vienna and New York for her wonderful gown creations exhibited there.

2,000 GRADUATES PRAISE THE COLLEGE.

WEST HOBOKEN, N. J., Dec. 4, 1906.

Dear Madam: I can't say enough in praise for the knowledge which I have received through your lessons. I have studied other systems, but none are as easy to master as yours. You make everything so easy for one, that one can't help but understand it. I am sincerely yours,

MINSK ARTE FOSTER.

Dear Teacher: My diploma has been received and must say I am happy to have so successfully finished the course. I think the course the only one for a beginner and a great help to one advanced in sewing. Very sincerely, MINNIE BRANDT.

PREMIUM MACHINE "NEW MODEL."

THE NEW MODEL PREMIUM, \$9.90.

"New Model." Five drawer, drop-head cabinet. Dark golden oak, varnish finish. Straight front table Ordinary pivot bearing stand. A good, reliable machine warranted for 10 long years. Price, \$9.90.

Given for a \$75.00 order as premium.

SALZER'S TWENTIETH CENTURY SEWING MACHINE.

We warrant it for 25 long years. The motion of the shuttle and of the feed is taken directly from an eccentric on the main shaft, thus insuring the working of these two most important

parts in absolutely correct relation with each other.

Our 20th CENTURY Machine is without an equal.

The machine makes what is known as the double lock stitch, the two threads being interlocked in the center of the goods. forming a stitch which appears the same on both sides. The upper thread is run directly from the spool to the eye of the needle, without passing through any hole until the needle is reached.

SALZER'S 20th CENTURY.

Send for full descriptive CIRCULAR when ordering, describing and warranting this GREAT 20th CENTURY MACHINE.

PRICE OF SALZER'S 20th CENTURY SEWING MACHINE.

Instead of asking \$35.00 to \$60.00, as agents do for this superlative machine, we offer: Salzer's 20th Century, with 7 drawers, for \$16.50; Salzer's 20th Century, with 5 drawers, for \$15.90; Salzer's 20th Century, with 3 drawers, for \$15.40.

Salzer's 20th Century Sewing Machine with Drop Head Stand, \$1.00 Higher for each machine. No Premium will be given unless asked for at the time the order is sent. This is imperative. Please do not overlook it.

PREMIUMS.

Any person buying seeds, tools, nursery stock, bulbs, etc., this fall is entitled to share in the profits of our business and select and receive free of any extra cost except expressage or freight any one of the many articles listed on pages 33 and 34 of this catalogue.

These premiums we give absolutely free to customers sending us orders this fall amounting to \$2.00 or more as the premium may require.

In this way you are sharing largely with us the profits of our business as the premium is given you absolutely free for anything you may buy in our catalogue. You will be surprised how easy it is to get up a club order for \$45.00 and win the splendid Morris chair and another one for \$35.00 and get that splendid double barreled T. Barber gun for your son.

On orders less than \$2.00 we give plants and bulbs and flower and vegetable seed novelties as premiums. These are in each case of our own selection, though we will be very liberal with you. No premium will be given unless asked for at the time order is sent, and when full catalogue prices have been remitted. Whenever special quotations have been obtained, orders are NOT entitled to premiums. This is imperative. Please do not overlook it.

Æ Ein jeder Kunde ist zu folgenden Prämien berechtigt, je nach Grösse der Bestellung. Mit jeder Bestellung muss man aber angeben welche Prämie man wünscht.

Its Uses.

This commodity has been in the market for years, and we are selling the Egg all over the United States and shipping to foreign ping to foreign countries. It

has made a host of friends and all unite in singing its praises. The Medicol Egg is used almost exclusively for poultry purposes; it is good for the same uses as the Insecto, but the Medicol Egg. on account of the shape, is preferred. Price, 10c, postpaid; per 12, 75c, post-

12 given free with a \$2.50 order.

Enterprise Hand Choppers.

Although there is probably no article in the Hardware trade made for a longer period than the Meat Chopper, there never was one produced containing a perfect principle of cutting until the advent of the ENTERPRISE.

Price, \$2.00 each. Given free with a \$10.00 order.

No knives to dull or break, no complications; cannot be put together wrong. It is a SURPRISE, that so simple a cutter can do so much. Only three parts to clean. Most attractive in appearance, double tin coated, put on any table, easily worked, will cut 1½ lbs. per minute.

It will sell so fast that it will surprise the most credulous. It does its work so well that it will surprise everyone who uses it. It is a surprise that so useful an article is so cheap and so practical. If you don't buy it, it will surprise us.

Price, \$1.75 each. Given free with an order for \$7.50.

Perfection Milk Cooler and Aerator.

Low down, 6 to 10 inches lower than other coolers, with nearly double the cooling surface.

nearly double the cooling surface.

Milk receiver can be easily removed, but it cannot be tipped off by resting pail on its edge when pouring in milk. When using ice, supply of ice can be renewed without removing milk receiver.

Instead of a tin bottom, it has a heavy galvanized iron bottom that will not rust.

It is a cream and skim milk cooler, as well as a milk cooler.

Being low down, it is especially adapted for use with

separators.
Price, \$6.00. Given free with a \$20.00 order.

WICKS.

The "MARSHALL PROCESS"

The "MARSHALL PROCESS"

We believe 100,000 of our farmers and citizens who use kerosene lamps will send us an order for \$2.00 in order to get free a dozen of the Marshall Process Wicks, the greatest invention of the century. These wicks will last (we were going to say) almost a life time. They are sure to please you. Burns evenly. Never forms crust. Never sputters. Never creeps. Never clogs. Never "smells." Requires little trimning. Is a non-conductor. Prevents overheating. Burns oil freely. Perfectly odorless. Slow combustion. Highest illumination. Strong white light. Improves eyesight. Saves the temper. Makes home bright. Is not a nuisance, Beats old-style, out-ofdate white wicks two to one.

Made in all sizes for all Lamps

and Heaters.

No 0, wide % in. Price per doz., 20c. No. 1, wide % in. Price per doz., 20c. No. 2, wide 1 in. Price per doz., 25c. No. 3, wide 1½ in. Price per doz., 25c. % 12 Wicks given with each \$2.00 order if asked for when you order.

OUR LEADING NEW YORK ARM CO.'S EJECTOR. SINGLE BARREL BREECH LOADING Made in 12 or 16 gauge, 28, 30 or 32-inch barrel, weight about 7 lbs Choke bored. The latest and best single barrel breech loader. They have beautifully case hardened frames, center hammers and Automatic Ejectors which throw out the shells automatically on opening the gun for rapid loading. The barrel can be detached from the stock in a few seconds by unscrewing the thumb screw at the side of the frame. These guns have fine symmetrical lines and balance perfectly. While we advise every one to buy as costly a gun as he can afford, the man or boy carrying one of these beautiful single ejectors can make just as good a target and kill just as much game as his competitor who shoots a \$100 gun. They are made in 12 or 16 gauge, 30 or 32 inch barrel, and weigh about 7 lbs.

No. 1. Has top lever, blue rolled steel barrel, pistol grip stock, case hardened frame, rebounding hammer, fancy butt plate, choke bored, 12 or 16 gauge, 28, 30 or 32 inch barrel. Retail price, \$8.00 Our price, \$6.00. Given with a \$40.00 order.
